

West Central District III

Post-Season 2A Allocation Plan

2009-10

Approved 9/14/2009

Philosophy / General Agreements:

- 1) The goal of district tournament play is to send the best teams / individuals to the state tournaments.
- 2) District tournaments are for teams / individuals that, through the course of the regular season, have earned the right to move into post-season play. The number of teams, or individuals, participating in district tournaments should reflect this belief.
- 3) Tournament formats will remain consistent as possible, regardless of state berths.
- 4) If leagues are of equal size, all advantages listed below will be alternated from year to year.
- 5) If leagues are of unequal size, league size will be taken into consideration and advantage given to the league with the most teams, for:
 - a) Home field advantage
 - * If same seed from leagues, the league with the most teams would be the home team. If not the same seed, the higher seed to be home.
 - Example: Olympic #3 @ Nisqually #3
 - Example: Nisqually #4 @ Olympic #3
 - b) If a "bye" is available in tournament seeding
 - * If same seed from leagues, the league with the most teams would be given the "bye" in tournament schedule, if available.
 - c) If a "#1" berth must be assigned to state without playing each other
 - * Olympic League 2008-09; Nisqually League 2009-10
- 6) Leagues will determine their league seeding to district tournaments.

Tournament Formats:

SPORT: BASEBALL

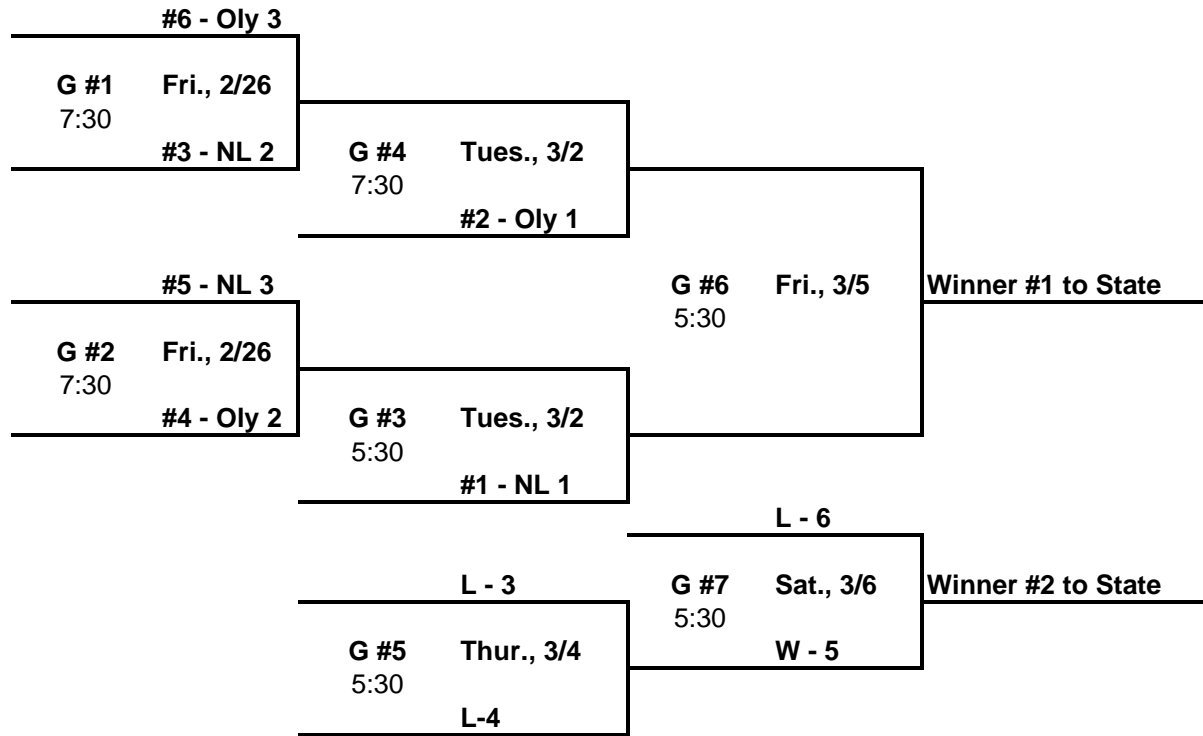

Notes:

- 1) All games to be played at _____
- 2) Game #1 and #2 are loser out games.
- 3) Higher seeded team is the home team.
- 4) Dates are for 2009-10 season.
- 5) Games times for game #3 and #4 can be switched depending upon site.
- 6) Interlake qualifying:
 - * Interlake will have the opportunity to earn the #3 (to WCD tournament) berth from either the Nisqually League or the Olympic League.
 - * Interlake's season winning percentage against 2A or higher classification will be compared to winning percentage of the #3 with the lowest winning percentage. If Interlakes' winning percentage is better, they will take that spot in the bracket.
 - * Nisqually and Olympic league schools' winning percentage will be based upon league games against 2A competition.
 - * If Interlake has a better winning percentage than both #3's and the winning percentage of #3's is the same, there will be a playoff game between the #3's to determine which team will be eliminated. Interlake would take the loser's spot in the bracket.
 - * If Interlake and both #3's all have the same winning percentage, there will be a three-way tie breaker played prior to the WCD tournament to fill the two spots.
