

Athletic Directors:

This is for your information!

For the WCD III, 2A & 3A, Swimming and Diving Championship meet we are initiating a new meet entry protocol. It will be an all **electronic entry format** with a printed hard copy also required. We have a **very strict deadline of Saturday night at 8pm, February 6th for both 2A and 3A entries.**

All of the needed team registration information on the new program was sent to the coaches in December and the meet specific guidelines for team entries to the meet were sent the first week of January. We have, and will continue to, send out reminders of the due date and that there is also help available if the coaches have any problems with the new protocols!

This information is being sent to you to keep you in the loop as far as what is now being required and the importance of your teams meeting the entry deadline!

Please check with your swimming coaches to be sure they have received this information and that their entries will be in on time.

Thank you!

Coy Jones
WCD III Swimming & Diving Championship
